▼ If you are looking for the rally info most of it is on the matrix server. There's an SC room for state level organization. I think we will be able to use this after the rally as well to work on future SC elections. Here's a link that shows you how to sign up <https://streamable.com/c1a4iu>. (NOTE there is a typo on the video, the initial website is app.element.io/.)
